

# Private Property (feat. Kid Culprit)

## Noni

Verse 1: I'll go when ever you press play

Pause whenever you want babe

Do what ever you want babe

Sing whatever you want baby

Make love whenever you want to

Do whatever we gone do

No ones here but us two, me and youHook: The boy got so much dirt on me

I swear if he was the sex police, they could lock a bitch up for the century.

This boy got so much dirt on me.

I swear if he told them so, where could I go?

Keep my property private.

Between me and you, they ain't going to know what we do.

Keep my property private.

Don't want them all up in my business.

Effecting my business

Keep my property private.

Your heart driving the same.

Wanna feel safe.

Keep my property private.

Gotta maintain that squeaky clean image

While I'm riding around and I'm gettin' it.

Ahhhh, Ahhh, Yeah (x2)Verse 2: Don't stop until you're finished

So bad, feels like I'm sinning.

So God please forgive me for what I'm about to do.

Treat me like your object, please baby don't stop it.

You say no, I say yes, it's the best I've ever had.

Boy got so much dirt on me.

I swear if he was the sex police, they could lock a bitch up for the century.

The boy got so much dirt on me.

I swear if he told it so, where could I go?

Keep my property, private.

Between me and you, they won't know what we do.

Keep my property, private.

Don't want them all up in my business.

Keep my property, private.

Your heart driving the same.

Wanting to feel safe.

Keep my property, private.

Gotta maintain that squeaky clean image

While I'm riding around and I'm getting it. Kid Culprit:  
She a get girl  
and I been waiting for a minute girl.  
I'm gonna go straight to dessert, no dinner girl  
Hitting it a couple hours, I ain't even finished girl  
And I'ma keep it private, as long as you let me hit it girl  
Bet they don't know you a sinner girl  
But you picture perfect, don't worry about that image girl  
I got this pretty little thang on lock (x2)  
And she hops on top, with no top.  
Riding in the drop, meaning she drive stick  
And she gives good --  
No I don't know if that ring finger going to get a rock  
But I tear that thang up, call the doc  
Real talk Noni: Ahh, Ahh, Yeah  
Ahhh, Ahhhh, Ahhh, Yeah.  
Ahhhh, Ahhhh, Ahhh, Yeah.
