Somebody Knows

EliJ

Verse 1
I used to think nobody knows (nobody knows)
Nobody knows my name (nobody knows)
Nobody knows what today holds (nobody knows)
Nobody knows tomorrow (nobody knows)
I used to think nobody knows (nobody knows)
Nobody knows what my future holds (nobody knows)
No body cares even if I live or die (nobody knows)
Nobody knows what am going through (nobody knows)
And I found out that somebody knows (somebody knows)
Somebody knows my name (somebody knows)
Somebody knows what I dreamt about last night (somebody knows)
Somebody knows tomorrow somebody knows
Somebody knows somebody knows
Somebody knows all I put in (somebody knows)
Somebody knows about my sleepless nights (somebody knows)
Somebody knows it the way nobody knows (somebody knows)

Chorus
Somebody knows when you're crying
Those hurt and pain inside
Questions that you need answers to
Somebody knows, somebody knows
All that you need
That's why He sent Him to you
So you will only have joy inside
Feel peace inside
And answers to the questions in your mind somebody knows
You have all that you need (wahhhhh)
Cause somebody knows
Dadadada wowowo

Verse 2
Somebody knows (somebody knows)
Somebody knows your name (somebody knows)
Somebody knows all you put in (somebody knows)
Somebody knows what you do everyday (somebody knows)
Somebody knows (somebody knows)
Somebody knows ohohohoh that you're here (somebody knows)

Somebody knows somebody knows
You see you're important you can die no more (somebody knows)

chorus
Somebody knows when you're crying
Those hurt and pain inside
Questions that you need answers to somebody knows
Somebody knows all that you need
That's why He sent Him to you
So you will have joy inside
Feel peace inside
And answers to the questions in your mind
Somebody knows yes you have all that you need (ahhhhhh)
Cause somebody knows
