

Some Things I Know

Anchormen

There's some things I know to be true
Snow is white, and the ocean is blue
Rain is wet, and it falls from the sky
And the stars come out every night
And just as sure as the sun will rise
This love is real, you see in my eyes

Plant a seed and it will grow

Some things I know

There's some things in life I need

Water to drink, air to breathe

A place to rest when I need sleep

When I'm hungry, food to eat

As sure as I need the Lord above

That's how much I need her love

And I need shelter from the cold

Some things I know

There's some things in life I want

To be thankful for all I've got

A friend to talk with, a hand to hold

To still be young when I grow old

And I want all my dreams to come true

And I want to share them all with you

And I just had to tell you so

Some things I know

Oh, I just had to tell you so

There's some things I know.
