humanoid

Beat Theory

Against the love, against the fight
Against the sun, against the night
Against the rules, against the force
Against the wall, against it all, oh no
I'm humanoid
(Whoa, ooh, whoa, oh, oh)
I'm humanoid
(Whoa, ooh, whoa, oh, oh)
Give me life, give me air
Or I'll be done but I don't care
Now I'm a shadow but it's too fast
Give me more, give me more
Can't get enough
I'm humanoid
(Whoa, ooh, whoa, oh, oh)
I'm humanoid
(Whoa, ooh, whoa, oh, oh)
I'm humanoid
(Against the pain)
I'm humanoid
(Won't you come back?)
Take me away, release the pain
I've thrown myself in too many worlds
Foolish and I know, loneliness hurts
Hold me, I'm drowning, hold me
I'm done with senses, I'm done with reasons
I'm done with questions, I'm done with hearing
Done with feeding, oh no
I'm humanoid
(Whoa, ooh, whoa, oh, oh)
I'm humanoid
(Whoa, ooh, whoa, oh, oh)
I'm humanoid
(Against the pain)
I'm humanoid
(Won't you come back?)
Take me away, release the pain
Don't wanna be the same
Survival, survival

I've thrown myself in too many worlds
Foolish and I know, loneliness hurts
Hold me, I'm drowning, hold me
Give me something that I can feel it
Show me something that I can see
Help me, help me, help me
Against the love, against the fight
Against the wall, against it all
