

I Saw the Angels Fly

Crematory

The first angel in the atmosphere
Second is a part of you
Third's the wings of death
The fourth angel takes your soulFifth shows you the paradise
Sixth angel brings you new life
The seventh sends you dreams
Eighth shows you the right wayThe ninth angel judges over you
The last angel sends pain and agonyThe power
The power
The power
The power
The powers of darkness in battle with the humane
Your soul forever caught in hell
But I saw the angels fly
The good will triumphThe angel of death, sent to do evil
Army of hell, the danger of the dark side
Angel of wisdom and faith protects your soul
Protects your soulLike a marionette in the wind
A toy of the mighty
Like a marionette in the wind
A toy of the mightyI saw the angels fly
I saw the angels fly
I saw the angels fly
I saw the angels flyThe first angel in the atmosphere
Second is a part of you
Third's the wings of death
The fourth angel takes your soulFifth shows you the paradise
Sixth angel brings you new life
