When I Say So

Britney Spears

Listen, listen
Come on
You read my eyes
My vibes
My body's pace
Lookin' my way and I'm lookin' your way
So heres the thing that I need
I'll make it clear
Now heres your chance
But first understand me
I ain't down for relationships
I'm not like all them other chicks
I just want it, when I want it
Nothin' serious goin'
Ain't no reason to rush in
Nothing starts till I say go
I don't really wanna tease you
I don't wanna mislead you
You'll get some, When I say so
Uh, uh -- when I say so
You're feeling me
My jeans
My baby tee
You want it now
But just chill
Slow it down
Ah
Think you got game
And you know
How to play with me
But who told you
That this will be easy
I might be down for relationships

Gotta do me right to make me wanna flip
I just want it, when i want it
Nothin' serious goin'
Ain't no reason to rush in
Nothing starts till I say go

I don't really wanna tease you
I don't wanna mislead you
You'll get some, When I say so (When I say so)
(Rapping)
You'll get some when I say so
You'll get some when I say so
You'll get some when I say so
You'll get some when I say so
You'll get some when I say so
You'll get some when I say so
You'll get some when I say so
You'll get some when I say so
Nothin' serious goin'
Ain't no reason to rush in
Nothing starts till I say go
I don't really wanna tease you
I don't wanna mislead you (ooo)
You'll get some, When I say so
Nothin' serious goin'
Ain't no reason to rush in
Nothing starts till I say go (slow, slow)
I don't really wanna tease you
I don't wanna mislead you
You'll get some, (You'll get some) When I say so
Nothin' serious goin'
Ain't no reason to rush in
Nothing starts (Nothin' starts) till I say go
I don't really wanna tease you (baby)
I don't wanna mislead you
You'll get some, When I say so
You'll get some when I say so
