

# Get Along

## Morcheeba

And so the end begins  
As thunder rumbles in  
Odds are stacked against us  
Fat chances now seem slim

Get along  
Get acquainted  
Get along  
Demonstrate it  
Get along  
Get creative  
Get along

And so the deep ends  
As day breaks swaggers in  
Stagerring with no desire  
I lose to watch you win

Get along  
Get acquainted  
Get along  
Demonstrate it

Wooh I'd give my life to win some love from you  
Yo'

I'm Pace Won the gapper  
Blast past the rapper  
Laugh at your master  
Snatch bags and smack ya  
Rough songs AOP ASCAP and AFTRA  
Add mass I'll grab ya  
Fast as ya blasta  
Can't match the bastards  
Stand back ya haveta  
Rap times are crackin  
Randsack your asthma  
Ladies trends  
Mercedes Benz  
Shady friends  
Lady's bend backwards  
Get along  
Get along

Get along  
Get acquainted  
Get along  
Demonstrate it  
Wooh I'd give my life to win some love from you
