Mk Ultra

Black Rebel Motorcycle Club

The wavelength gently grows
Coercive notions re-evolve
A universe is trapped inside a tear
It resonates the core
Creates unnatural laws
Replaces love and happiness with fear
How much deception can you take?
How many lies will you create?
How much longer until you break?
Your mind's about to fall
And they are breaking through
They are breaking through
They are breaking through
And we are losing control
And they are breaking through

They are breaking through
They are breaking through
Now we're falling, we are losing control
Invisible to all
The mind becomes a wall
All of history deleted with one stroke
How much deception can you take?
How many lies will you create?
How much longer until you break?
Your mind's about to fall
And they are breaking through
They are breaking through
They are breaking through
Now we're falling, we are losing control
