## Black Rebel Motorcycle Club

The wavelength gently grows  
Coercive notions re-evolve  
A universe is trapped inside a tear  
It resonates the core  
Creates unnatural laws  
Replaces love and happiness with fear  
How much deception can you take?  
How many lies will you create?  
How much longer until you break?  
Your mind's about to fall  
And they are breaking through  
They are breaking through  
They are breaking through  
And we are losing control  
And they are breaking through

They are breaking through  
They are breaking through  
Now we're falling, we are losing control  
Invisible to all  
The mind becomes a wall  
All of history deleted with one stroke  
How much deception can you take?  
How many lies will you create?  
How much longer until you break?  
Your mind's about to fall  
And they are breaking through  
They are breaking through  
They are breaking through  
Now we're falling, we are losing control
