

Love Me Tonight

Head East

Drive 200 hundred miles
To a place I've never seen
One more bar, back to the car and
I'm gone before I know where I've been, yeah Now, I don't know where you come from
Probably never see your face again
It really don't matter what your name is
But its so nice to make another friend Well, I don't know, where you've been
And I don't know who you've had in
But I know you've got exactly
What I need It don't mean too much to me
What you do or who you see
But I'll be leaving here at 3
So love me tonight Well I've been gone a long time
I really haven't been any place at all
A few more days, the same old ways
Where it really doesn't matter at all, no But you could make the difference
In the way I feel today
We'll have some fun but I gotta run
If I'm gonna live I gotta play Well, I don't know, where you've been
And I don't know who you've had in
But I know you've got exactly
What I need It don't mean too much to me
What you do or who you see
Well I'll be leaving here at 3
So love me tonight (Love me tonight)
Don't talk about tomorrow
(Love me tonight)
Don't feed me any sorrow
One nights all we got
Then I'm gone, yeah (Love me tonight)
Don't ever try to stop it
(Love me tonight)
I'll be gone before you know it
Maybe I'll be back, before too long (Love me tonight)
Don't talk about tomorrow
(Love me tonight)
Don't feed me any sorrow
One nights all we got
And then I'm gone, yeah (Love me tonight)

Don't ever try to stop it
(Love me tonight)
I'll be gone before you know it
Maybe I'll be back, before too long But I don't know, where you've been
And I don't know who you've had in
But I know you've got exactly
What I need It don't mean to much to me
What you do or who you see
I'll be leaving here at 3
So love me tonight Well I'll be leaving you and me
So love me tonight
