

Can't Turn You Down

[Jon Pardi](#)

You're like a highway
that's ready to run
A no trespass sign on a barbwire jump
That I can't resist, that's just the way it
You're a don't touch red button I want to push
A bad for me that feels so good
And we both know I can't say noCause the phone call turns into a what's up, what's up
Turns into "baby, can you pick me up?"
Hey, I'm downtown and I don't wanna go home
After left turns it's you and me alone
Turns into tangled up all my
Slipping your kisses right across my mouth
And that turns into later on
Later on, lights turned down
Cause I can't turn you down
I could say that I ain't picking up next time
I could say I don't want it, but I'd be lying
Cause baby the truth us I want you
And there ain't a damn thing I can doThe phone call turns into a what's up, what's up
Turns into "baby, can you pick me up?"
Hey, I'm downtown and I don't wanna go home
After left turns it's you and me alone
Turns into tangled up all my
Slipping your kisses right across my mouth
And that turns into later on
Later on, lights turned down
Cause I can't turn you downYou're like my favorite song
I can't turn you off
