Easy and Me

Kathryn Williams

We road on train
With hunger and pain
But we didn't cry
Easy and me
And some other guyWe hooked some rides
Stood side by side
And watch cars go by
Easy and me
And some other guyDays and nights
We cared for each other
The wrongs and the rights
We shared with each otherThen one day last week
He kissed my cheek
And whispered goodbye
Then easy walked on
With some other guy
