

# Easy and Me

**Kathryn Williams**

We road on train  
With hunger and pain  
But we didn't cry  
Easy and me  
And some other guy We hooked some rides  
Stood side by side  
And watch cars go by  
Easy and me  
And some other guy Days and nights  
We cared for each other  
The wrongs and the rights  
We shared with each other Then one day last week  
He kissed my cheek  
And whispered goodbye  
Then easy walked on  
With some other guy
