That Sensation

Samantha Fox

I don't know why I feel this way
They say it must be love
I talked to everyone but you
And you know what they're talking ofI talk about nothing but you
You know I can't get you out of my mind
There's so much more that I want you for
And I need your love, I want you for mine, mineTake me to your heart
I'm the kind of girl
Who needs your love and attention
With everything you've got
You're the kind of guy
Who gives me that sensationEmotions are so hard to hide
I know I've betrayed my heart
I wasn't going to walk in blind
I tried right from the startOoh but you broke my defenses down
And you left me wanting more
I got by on my own just fine
And I know what it is I need you forTake me to your heart
I'm the kind of girl
Who needs your love and attention
With everything you've got
You're the kind of guy
Who gives me that sensationThat sensationI talk about nothing but you
You know I can't get you out of my mind
There's so much more that I want you for
And I need your love, I want you for mine, mineTake me to your heart
Take me to your heartTake me to your heart
I'm the kind of girl
Who needs your love and attention
With everything you've got
You're the kind of guy
Who gives me that sensationTake me to your heart
I'm the kind of girl
Who needs your love and attention
With everything you've got
You're the kind of guy
Who gives me that sensationThat sensation, that, that, that, that sensation
That sensation, that, that, that, that sensation
That sensation, that sensationThat, that, that, that sensation

That, that, that, that sensation
That sensation, that sensation
That sensation, that sensation
