Unhallowed by the Infernal One

Graveworm

She feared the light - she sacfrified
Human soul for nocturnal skyThe blood of their life for art divine
Candels in fear - when shadows arrive
Enlaving the beast of the unholy might
In moonlighting darkness in beautiful sight
The eyes of pain bleeding for faithI fade away - into silence embrace
Centuries of dusk and demonsWhen evil arrives from black velvet sky
Arrive!
When shadows increase, damnation arrives
When faces of hell turned into black
When voices of death calls for revenge
When screamings of pain crushed in the night
Welcome the beast in honour of hell
When innocent blood - sacrified in the nightStained with blood on the altar of painRapture the breath of beautiful time
She prised his name - the beast of all crime
The wolves sing - feeling the wrathNameless souls are trapping in the night
Beneath the spread of magical rites
Red roses die - Enslaving to flameThe wrath of the night infesting her mind
A dark moonless sky - the malice embrace
She raising the chalice up to the sky
Out of the dark - smelling his breathWhen faces of hell turned into black
When shadows increase, damnation arrives
When evil arrives from black velvet sky
When screamings of pain crushed in the night
When voices of death calls for revenge
Welcome the beast in honour of hell
Unhallowed by the infernal might
The power of death is now arrives"An angel stole my heart...
...And death took her away"
