

# Tiger Lily

Luna

Sweet obscenity, bring her back to me  
Lost in her perfume, think I'm gonna sue  
Sweet obscenity, didn't I know it?  
Didn't I call her name? Stale cigarettes crumble in your fingers  
Caught with a drink in my hand edging to the door  
Sweet obscenity, didn't I know it?  
Didn't I call her name? Tiger Lily girl  
Standin' cross-eyed in the corner  
Tiger Lily girl  
Standin' tongue tied in the corner Somethin' in her eye tells that I should try  
Somethin' she might say tells right away  
Somethin' in her eye, didn't I know it?  
Didn't I call her name? Tiger Lily girl  
Standin' cross-eyed in the corner  
Tiger Lily girl  
Standin' tongue tied in the corner
