Massive Attack

I'm looking for you in the woods tonight, I'm looking
Looking for you in my flashlight, I'm searching
From in the high or down the ocean
And I face myself in reason
Gain the wolf
Gain the wolf Conjure me as a child
Slipping down a web side
Stretch up I cannot reach him
Jumping up they drag him from the water I watch them march him into life
I watch them take him from the pale
Into the sky for your eagle eye
The sun seeds a sickle and a scythe Ridicule they won't allow
Quench abuse and let love flower
Rip the cage out of your chest
Let the chaos rule the rest Show without showing
What you know without knowing
Twigs snap eye/I catch no canoe only you and me
Alone on the old tea hope sea Dissolving who we are
Call out for yesterdays destiny come
We're on a foreign shore It was your mark of falling
I was the car still running
And will you call and be assured for life
And if you feel it you will fly
The sun should have been with me And I was set to fall in
As I was set to fall in
