

# Number One

## Tinchy Stryder

Ah, uh, uh, oh, ah, uh, uh, oh  
Ah, uh, uh, oh, ah, uh, uh, oh, na, na, naii  
Ah, uh, uh, oh, ah, uh, uh, oh, Tinchy Stryder  
Ah, uh, uh, oh, N Dubz, ah, uh, uh, oh, yoIt was nothing but a quick thing  
Kids games, kiss chase, just a quick fling  
Now I'm hoping you never go missing  
Now I'm telling you, you can hold this ring  
Watch how it glistensIt was done as quick as the wind blows  
Didn't think I would ever be involved  
So I even wrote a song called, don't go  
Now it's just you and me on a love rowDappy like dino, us two, tip toes, duck dive, get low  
And now I care less about who knows  
Now were deep in way past intro  
Dappy explain yoSee never did I think a boy like me would be in need  
When all I really wanted was to have some fun  
Now I'm losing my head, I'm telling you one thing  
You're number oneSee I don't understand how you're number one  
When it was just a fling before, now you're the one  
See all I did was blink twice, from my homie to my only  
Number oneAh, uh, uh, oh, ah, uh, uh, oh  
Ah, uh, uh, oh, ah, uh, uh, ohYo, it was all now never planned no after  
It was like games, jokes, laughter  
Live for the moment, left it all open  
Now I'm in deep flames, lava, breathe karmaAnd now I'm stating  
See I never saw this in my daydream  
It's really you that I'm fully rating  
And the days here no more waitingPay it all wise to the smart man raised him  
I was so hurt, pain, aching  
On the wrong path, then a good girl saved him  
That's why I'm letting man know she's amazingSee never did I think a boy like me would be in need  
When all I really wanted was to have some fun  
Now I'm losing my head, I'm telling you one thing  
You're number oneSee I don't understand how you're number one  
When it was just a fling before, now you're the one  
See all I did was blink twice, from my homie to my only  
Number oneYou lift me off the ground  
I always want you around  
I ain't gonna let nothing get in the way  
I'll never let nothing get in the wayYou lift me off the ground

I always want you around  
I ain't gonna let nothing get in the way  
I'll never let nothing get in the wayYo, I ain't never gonna let nothing get in the way  
You play your cards all right, you're an ace  
You make my nights so bright, you're my days  
You took me out of the maze, you are number oneSee I don't understand how you're number one  
When it was just a fling before, now you're the one  
See all I did was blink twice, from my homie to my only  
Number oneYou lift me off the ground  
I always want you around  
I ain't gonna let nothing get in the way  
I'll never let nothing get in the wayYou lift me off the ground  
I always want you around  
I ain't gonna let nothing get in the way  
I'll never let nothing get in the wayYo, number one in the race, you're a leader  
Girl, you're out of this world, I can't see ya, uh, oh, oh, oh  
And now you got a place in my heart  
It's funny how you actually went from my homie to my only  
Number one
