Confucius

The Skatalites

When you can walk a mile into my shoe
Criticize me then I won't fuss
A nuh what you may say but what you do
Those are the words of ConfuciousMany a serious things are said in jest
Provacatively or contemptuously
Only fools do and say things they regret
Those are the words of ConfuciousWhat the world needs is more love and understanding
Put down your sword and heed to peaceful ways
For there's no gain to lean on one's misgivings
Men who them hang can't drownConfucious say
Merry merry up yourself
Confucious say
Happy happy time is still for us today
