

Afraid

Vanessa Hudgens

Just when it's getting good
I slowly start to freeze
Just when it's feeling real
I put my heart to sleep It's the memory, I can see
Then this fear comes over me
Understand that I don't mean
To push you away from me Why am I so afraid to crash down
And lose my heart again?
I don't know, I can't see
What's come over me Why am I so afraid to break down
And lose my mind again?
I don't know, I can't see
What's come over me You got a way
Of easing me out of myself
I can't stay but I can't leave
I am my worst enemy Please understand that it's not you
It's what I do
Just when I'm about to run
I realize what I've become Why am I so afraid to crash down
And lose my heart again?
I don't know, I can't see
What's come over me Why am I so afraid to break down
And lose my mind again?
I don't know, I can't see
What's come over me What's come over me?
Come over me
What's come over me?
Over me Now I wonder what you think of me
Don't know why I break so easily
All my fears are armed surrounding me
I can't get no sleep
I keep running in circles around you
Are you the trap I wanna fall into? Why am I so afraid to crash down
And lose my heart again?
I don't know, I can't see
What's come over me Why am I so afraid to break down
And lose my mind again?
I don't know, I can't see
What's come over me Why am I so afraid to crash down

And lose my heart again?
I don't know, I can't see
What's come over me Why am I so afraid to break down
And lose my mind again?
I don't know, I can't see
What's come over me
