

Heaven

Tatiana Manaiois

More than a moment
You are more than a moment to me
Don't care where we go
As long as you're going with me.
(Tatiana Manaiois - Heaven)In other day before the day that you became my love
I was afraid of losing faith thinking of giving off.Now what did I have to want it
Came so suddenly
You walked right out of my own dreams
And right in front of me.We don't have to go to heaven
To feel like we're in paradise
Cause I feel like I'm in heaven
Every time I look into your eyes
Every time I look into your eyes.
Time is standing still
And I'm standing still with you
I'm happy to be here
I don't want to fly away
Versuri-lyrics.info
But somehow you make my heart once you fly away
So I think that's ok if we don't understand
Cause all that we really need is what we've already have.We don't have to go to heaven
To feel like we're in paradise
Cause I feel like I'm in heaven
Every time I look into your eyes
Every time I look into your eyes.When I look into your eyes
I hope I see more stars than the stars that are in the skyAnd there is a halo around you
Our arms are so glad that I found you.
We don't have to go to heaveeen
To feel like we're in paradise
Cause I feel like I'm in heaveeen
Every time I look into your eyes
Every time I look into your eyesss.
