

# I'm Busy

## Chamillionaire

I know you're trying to see me  
But I'm kinda busy  
She telling me, she like my song  
(She said she like my song)  
She said she got nothing on  
But heels and a striped thong  
Girl, I think it's time to bone  
(Girl, I think it's time to bone)  
Bring the Screwed up CD  
'Cause this time is easy  
To stop hiding behind your phone  
(Stop hiding behind your phone)  
That's what lil' mama told me  
So you already know  
That a playa 'bout to bone  
(That a playa 'bout to bone)  
Yeah, got a girl in Dallas, she love Pappa though  
She be calling me up, Koopa let's eat  
Sorry, but I got a radio interview to do  
I gotta hook up with Milla Mack and Greg Street  
Maybe we can retreat to get a bite to eat  
Take a night to sneak to a tightless suite  
You can invite some freaks but get it right, I'm cheap  
I won't pay you could leave, with tonight's receipt

I'm in Alabama or Louisiana  
Ke'Noe and Dobey, BeBe and Jabber  
When I'm not in the lab, you know I'm trying to grab a  
Couple G's chick please, what are you getting mad for  
I'm in Atlanta in the morning  
When I hook up with Killa Mike, Lil' Jon and them  
All of my calls, I'm gonna forward them  
To the answer machine, please call again, I'm busy  
Sorry, you didn't reach me  
Just the answer machine  
Sorry, I'm not by the phone  
But you know that I'm gone  
Call you when I get home  
Leave a message after the tone

(Leave a message after the tone)  
Sorry, you didn't reach me  
Just the answer machine  
Sorry, I'm not by the phone  
(I'm not by the phone)  
But you know that I'm gone  
Call you when I get home  
Leave a message after the tone  
(Leave a message after the tone)
