Contrast

TNT a.k.a. Technoboy 'N' Tuneboy

There's no limitation to what this beat can do
You better get the feeling before the night is through
Contrast, contrast, contrast, contrast
There's no limitation to what this beat can do
You better get the feeling before the night is through
Break the beat while I'm coming up strong
There's no limitation to what this beat can do
You better get the feeling before the night is through
Contrast, contrast, contrast, contrast
Break the beat while I'm coming up strong
Contrast, contrast
There's no limitation to what this beat can do
You better get the feeling before the night is through
Contrast, contrast, contrast, contrast
Break the beat while I'm coming up strong
