# Monika

## The Worn Flints

And I could sleep all day
And I'd still feel this way
And if you'd be my girl
I'd rock you till the end of the world

But on the day that I die
Yes on the day on the day that I die

And I could see for shame
And I'd still play the game
And if it's last this long
Girl I'd do no wrong

Yes on the day that I die
Yes on the on the day that I die

Yes I've been running since the day I was born yeah
Yes I've been running since the day I was born
Huh
And I've been running since the day I was born
Yeah
And on the day that I die
Yes on the day that I die
Yes on the day on the day that I die
