

# It's Love

**Kina Grannis**

Yeah, I want to know where you go when you're going  
We can take it slow if you don't show that you're slowing  
You can try to save me if you're crazy  
But I want to know if we go, where we're going to  
People try to find reasons why things aren't perfect  
Fight to deny every smile they're deserving  
But we can try to end this, just give me one kiss  
Let me show you how, even now, things are perfect  
If you want to grow, you gotta let it go  
You, afraid to fall  
You know it's all  
You, afraid to fall  
You know it's all love, love.  
I know that you're scared to prepare for this feeling  
But it's always there like the air that you're breathing  
So go on take a deep breath and give it your best  
Maybe you'll see through to me, and your feelings, too  
If you want to grow, you gotta let it go  
You, afraid to fall  
You know it's all  
You, afraid to fall  
You know it's all love, love.  
If you open up your hand  
Don't try too hard  
You don't need to understand  
Just start  
You, afraid to fall  
You know it's all  
You, afraid to fall  
You know it's all love, love.
