Getting Even

Trapt

As cold as it gets buried in this avalanche
Bet blood still runs through these veins
Such a heavy burden to have to hold this grudge
I can't let go or undo what's been done to meThere's nowhere to run
I've got to face this head onGetting even
I'm getting even
I'm getting even now
The bridge is still burning
The power shifted
This plot has twisted
I'm getting even now
Show you how I make amends
I'm getting even
I sent a chill down your spine when I survived
You were sure I'd snap from the stress you applied
Instead I watched you slip through the cracks that pave your way
The ... overthrown overturned that eraseYour will is gone
You couldn't break me after allGetting even
I'm getting even
I'm getting even now
The bridge is still burning
The power shifted
This plot has twisted
I'm getting even now
Show you how I make amends
I'm getting even
Tip the scales
In my favor
Turn the tables
Turn them around
Set off of nothingnessGetting even
I'm getting even
I'm getting even now
The bridge is still burning
The power shifted
This plot has twisted
I'm getting even now
Show you how I make amends
I'm getting evenI'm getting even now (I'm getting even now)

I'm getting even now (I'm getting even now)
I'm getting even now (I'm getting even now)
