

Just a Little Time

New Buffalo

Just a little time(About Last Night EP)Just a little time
By yourself
I hate to see you sad
I know the drive will do you good
And while you're outside
I hope you clear your mind
Driving down the road to come home to findGiving all is great
Stars on fire
Catch you while you sleep
Tearing out the pages
Just to keep
Me alive
Warming to your charm
Changes will surround us
It's the carnival of seasons
I decided you should be here with me now
