Dirty Creature

Split Enz

Dirty creature comin' my way from the bottom of a big black lake

Shuffles up to my window makin' sure I'm awake

It's probably gonna pick my brain, got me in a vice-like grip

He said one slip, you're dead, haDirty creature of habit, little horror here to stay

Anyone in his right mind would tell it to go away

But the river of dread runs deep, full of unspeakable things

The creature don't mess around, I don't wanna mess with himI don't wanna sail, I don't wanna sail

I don't wanna, I don't wanna sail tonight

Dirty creatures got me at a disadvantage from the insideTentacles on the brain keep me from falling asleep

I'm rooted to the spot, the beast don't know when to stop

Sneakin' up from behind, binds and gags my wits

Dirty creature got my head exactly where he wants itI don't wanna sail, I don't wanna sail

I don't wanna, I don't wanna sail tonight

Taniwha is waiting for me just below the surface so bright, yeah

Even as we speak the dirty creature springs a nasty surpriseDirty creature knows my type, found it in a magazine

He's seen the look of fear before splattered all over the screen

The animal magnet thug draws me out of myself

I need a dragon-slayer who can save me from myselfI don't wanna sail, I don't wanna sail

I don't wanna set sail for the middle of nowhere tonight

Dirty creature's got me at a disadvantage from the inside

I don't wanna sail upon the waters of invention tonight
