

California Isn't Big Enough (hey There Girl)

Meat Loaf

Hey there girl
There's a little surprise
I'm so hot
And you're the reason why

You're so cute
I wanna smash your face
I know you're the queen
I'm just a pawn

Babe let me tell you
Tell you
Tell you
Tell you

I can barely fit my dick in my pants
Whoa Oh
Whoa Oh
Come and lend me your hand

With my
Forthcoming release
Because
California isn't big enough for me

I'm no Fred
But I can make your bed rock baby
Oh
Oh yeah

My god you're a beauty
I'm just a beast
Babe let me tell you
Tell you

Tell you
Tell you
I can barely fit my dick in my pants
Whoa Oh

Whoa Oh
California isn't big enough for e
Whoa Oh
Whoa Oh

Come and lend me your hand
With my
Forthcoming release
Because

California isn't big enough for me
You always pictured me
Laughing in the arms of others
What kind of man do you think I am?

We were just good friends
But we dreamed we could be lovers
Damned if ya don't, damned if ya do
I always promised you

The earth and you were right to ask it
What kind of fool do you take me for?
I played Romeo
But the tragedy became a farce yeah

I don't make promises anymore
I don't make promises anymore
I don't make promises anymore
I don't make promises anymore

I can barely fit my dick in my pants
Whoa Oh
Whoa Oh
California isn't big enough for me

Whoa Oh
Whoa Oh
Come and lend me your hand
With my

Forthcoming release
Because
California isn't big enough for me
Whaa! No, no, no

I can barely fit my big dog in here

Whoa Oh
Whoa Oh
California isn't big enough for me

Whoa Oh
No, no
I can barely fit my dick in my pants
Whoa Oh

California isn't big enough for me
