Trip Around The World (Live At The Orange Lounge)

Alexz Johnson

Let's take a Trip Around The World today

In the back seat rolling down shady lane

Let's take a Trip Around The World todayThe money, the money is getting in the way

Anyway you look at it it's looking at your face

Standing in line on a windy day

You're pushing it along

It's pushing you away

I won't regret anything I say

Why do people care what I think anyway

We could forget about the trouble and the pain

And leave it in the water let it water down the drainLet's take a Trip Around The World today

In the back seat rolling down shady lane

Let's take a Trip Around The World today

I like it, I like it that way

I don't mind if you don't mind

But we can see what the hell we will find

Let's take a Trip Around The World today

I like it, I like it that way You love it, I love it, I love it when you're free

Anyway you look at it it's how it's meant to be

Nine to five is becoming a disease

Not even a second left to bandage up your knee

Make the rules to your own game

Sip your champagne and tell 'em where to get some

At the end of the day enjoy the taste

We're on a big balloon floating in spaceLet's take a Trip Around The World today

In the back seat rolling down shady lane

Let's take a Trip Around The World today

I like it, I like it that way

I don't mind if you don't mind

But we can see what the hell we will find

Let's take a Trip Around The World today

I like it, I like it that wayLet's take a Trip Around The World today

I like it, I like it that wayListen, listen it could be an addiction

Missing every moment like a physical condition

It brings you down and isn't it profound

Stop and take a second look around this town

Things are changing all the time

Keep it in mind when you're feeling kicked down

The doubt, the trouble and the drought

You take it in before it takes you outLet's take a Trip Around The World today
In the back seat rolling down shady lane
Let's take a Trip Around The World today
I like it, I like it that way
I don't mind if you don't mind
But we can see what the hell we will find
Let's take a Trip Around The World today
I like it, I like it that wayLet's take a Trip Around The World today
In the back seat rolling down shady lane
Let's take a Trip Around The World today
I like it, I like it that way
I don't mind if you don't mind
But we can see what the hell we will find
Let's take a Trip Around The World today
I like it, I like it that wayI like it, I like it that way
