

Walk Among the Dead

Aiden

This is for the godless and villify
This is the godless
This is for the faithless soul to blast up humankind
This is for the godless and terrify
This is the godless
The end of the human race ?.

We laugh
Yeah I?m not afraid to die
I just stop breathing
Can?t wake up wake up
I?m not afraid to die

This is for the godless and villify
This is the godless
This is for the human race, they start to exterminate

We laugh
Yeah I?m not afraid to die
I just stop breathing
Can?t wake up wake up
I?m not afraid to die

This is a call for every kid on the streets ? shelter
Till we gain ?. we need ? divine picture ?. instruction
It were given to you all back
? in the desert two thousand f*cking years ago
This song ? that I can say no war
??

Yeah I?m not afraid to die
I just stop breathing
Can?t wake up wake up
I?m not afraid to die

Yeah I?m not afraid to die
