

No New Wave No Fun

[mclusky](#)

If there's no new wave then there's no fun
Here we go here we go mungo got a radio
If it's out of reach then it can't be wrong
Here we go here we go mungo got a radio Try and find a better way there is no other better way If it turns you on,
you should wash your hands
Here we go here we go mungo got a radio
If there's no new wave then there's no fun
Here we go here we go mungo got a radio Try and find a better way there is no other better way
