

Staircase

Radiohead

I walk down the staircase.
A magnetic pull
Back to the other place
Where I cannot go I'm sittin' in a chopper
To steal you away The pot is full
Let me take control
Let me take control The pot is full
of secrets to be told
Secrets to be told and I'll always...
I always will The pot is full
let me take control
let me take control The pot is full
of secrets to be told
Secrets to be told
