The Long Blondes

Catch me when I'm fallin'
Catch me when I'm fallin'
Catch me when I'm fallin'
Century Century Century Century Everything I touch
Everything I touch
Everything I touch
Lightening trials of human love Everything I touch
Everything I touch
Everything I touch
Lightening trials of human love Once futuristic change
Now nostalgic knock-down
Traffic stops abandoned
Out of sync, out of fashion Empty streets bely
Under ground a discerned you
Architecturally sheik
So then we can meet you Everything I touch
Everything I touch
Everything I touch
Lightening trials of human love Everything I touch
Everything I touch
Everything I touch
Lightening trials of human love Shop lines in glass
A new world war
Untimeless beauty
All the rage, all the rage Promises broken
Television erased
Nothing is sacred
Can-can dance to the golden age White, Black
Gray, Light
Space, Crowd White, Black
Gray, Light
Space, Crowd White Black
Blocks, Borders
Space, Crowd Century, century
Century, century Century, century
Century, century
