

supersize me

husband&wife

I feel lost
You said
That you were a rock
But there is nothing for sure

Point
Contradiction
Hypocrites
If we stand
And blind if we don't

Calling out
To be made a fool
Misalignment of words

We'll
Each
Follow our own
We'll each follow our own

It can't be
I thought you were large
And I am in need of some hope

It can't be
I thought you were large
And I need you more than you know

Please give us guidance
We'll walk and we'll walk
Lands apart we are lost
And helpless to stop

It'll be okay
It'll be okay
We'll justify it in the end
If we walk together
There's justice in our friends

It can't be

I thought you were large
And I am in need of some hope

It can't be
I thought you were large
And I need you more than you know

Am I right and I wrong?
Should I speak or be silent?

Am I right and I wrong?
Should I speak or be silent?

Am I right and I wrong?
Should I speak or be silent?

Seas separate
Lands can't contain you
Show me

Seas separate
Can lands contain you?
Show me

Seas separate
Lands can't contain you
Show me

Seas separate
Can lands contain you?
Show me please
