

Brutus

Brutus

I got my mama on my tail
I got a double whammer in my trail
And now Im howling, howling, baby, all night long
I got them jitters going in my song
Bring 'em on, bring 'em on, you gotta bring 'em on, bring 'em on
You know Im ready so bring 'em on right now
I'll get 'em down, get 'em down, I'll get 'em down, get 'em down
Say hi to Brutus, baby, you know Ill get 'em down
All the way, what now, whats your move?
And Im waiting for you to strike
Right on, I'll be there waitin'
'Coz this it what the Brutus likes
Roll out the dinner and bring me sweets
Bring it on a tray I need a treat
Tonight, I'm yodelin' odioo
Come on over its the thing to do
Gotta bring 'em on, bring 'em on, you gotta bring 'em on, bring 'em on
You know Im ready so bring 'em on right now
I'll get 'em down, get 'em down, I'll get 'em down, get 'em down
Say hi to Brutus, baby, you know Ill get 'em down
All the way, what now, whats your move?
And Im waiting for you to strike
Right on, I'll be there waitin'
'Coz this it what the Brutus likes
All the way, what now, whats your move?
And I'm waiting for you to strike
Right on, I'll be there waitin'
'Coz this is what the Brutus likes
It's what it likes
It's what it likes
It's what it likes
It's what it likes
This what the Brutus likes
