

# Alphaville (Todd Terje Remix)

## Bryan Ferry

Nobody knows you're here  
Deep undercover  
You seem a bit afraid  
Why do you suffer? Another night  
A night in Alphaville This time is made for love  
Let's play together  
In every bar and club  
Now and forever Another night  
A night in Alphaville  
You say you won't  
But girl I know you will  
The sadness in here  
Feels like the girl  
You were I'm hungry for your lies  
You scream and whisper  
A thousand alibis  
You point the finger Another night  
A night in Alphaville Don't try to read my mind  
A broken circuit  
You know my hands are tied  
Nobody's perfect Another night  
A night in Alphaville  
You say you won't  
But girl I know you will  
The World goes 'round  
But here it stays the same  
In second class  
Nobody knows your name Another night  
A night in Alphaville  
You say you won't  
But girl I know you will  
I wanna live  
But life ain't worth a dime  
Lasting and light  
Reflected in your eyes Another night  
A night in Alphaville  
Alphaville
