

Brave

[Josh Groban](#)

Wake up, wake up the sun can not wait for long
Reach out, reach out before it fades away
You will find the warmth when you surrender
Smile into the fear and let it play You wanna run away, run away
And you say that it can't be so
You wanna look away, look away
But you stay cause its all so close
When you stand up and hold out your hand
In the face of what I don't understand
My reason to be brave! Hold on, hold on so strong
Time just carries on
All that you thought is wrong is pure again
You cant hide forever from the thunder
Look into the storm and feel the rain You wanna run away, run away
And you say that it can't be so
You wanna look away, look away
But you stay cause its all so close
When you stand up and hold out your hand
In the face of what I don't understand
My reason to be brave!
Oh, oh, oh
