Don't Stop

Ian Gillan

There's something about you
This I know
Part of it's real
But a lot is for showI got some indication
That if we do it your way
When I park at the station
I'll have to pay and displayYour arms are open wide
They beckon me inside
The tragedy unfolds
We'll have to break the moldDon't stop, don't stop
Don't stop, don't stop
Don't stop
We just got startedThere's something about me
That you should know
You can take it or leave it
Before I goYou wanna a piece of the action
You wanna slip and slide
If we're going to town, baby
You'd better park and rideYou're driving me insane
I love this kind of pain
I love this kind of love
I just can't get enoughDon't stop, don't stop
Don't stop, don't stop
Don't stop
We just got started
