Black Eyed Girl

Bob Seger

Once had a woman I used to watch her walk
Said I once had a woman I used to watch her talk
Yes I once had a woman in my heart in my mind
You know the kind
Once saw my woman with another man
Once saw my woman take a hold of his hand
Said I once saw my woman in my heart in my mind
Ooh Lord she was a mean kind
She was a good woman yeah
Nothing wrong with her

A little bit wild but all right
Now I'm older
I'm real good at tellin lies
But I'll never forget her no no
Even in my heart even in my mind
Black eyed girl of mine
She was a black eyed girl of mine
Shes so good
She's still free comin after you
yeah
