

# Alive

## Augustana

Well this is not a lesson  
And this is not a cry for help  
And this is not a test  
And this is not for someone else Yeah, this one's for you and everything you do  
For every time I said this one's forever  
And this one's for me, I'm starting to believe  
You and I were born to be together And I can feel it right now, just where I want to be  
I reach out, you're right in front of me  
We are unstoppable, we are unbreakable, we are invincible together  
And I feel alive with you  
And I feel alive with you Well this is not a battle  
And this is not a field of blood  
And this is not as easy,  
Not as easy as it ever was Yeah, this one's for you and everything you do  
For every time I said this one's forever  
And this one's for me, I'm starting to believe  
You and I were born to be together And I can feel it right now, just where I want to be  
I reach out, you're right in front of me  
We are unstoppable, we are unbreakable, we are invincible together  
And I feel alive with you  
And I feel alive with you This is not a devil  
And this is not a child of god  
And this is not a message  
And this is not a double shot  
Hell, I'm just loving you, babe, with everything I got And I can feel it right now, just where I want to be  
I reach out, you're right in front of me  
We are unstoppable, we are unbreakable, we are invincible together  
And I feel alive with you  
And I feel alive with you
