

Love Anthem

Tailor

Something in our love line
went incredibly wrong
you ripped my heart out and ran all the way home
you left me in the corner with one glass of water with a gun in the other
With no other lover

Mmmmmmm

Something in my water taste like sour and stone
you left me in my boat
and swam all the way to shore
you left me in the water with no glass of water
with a gun in the other with no other lover

I shouldâ€™ve left you
I shouldâ€™ve left you a long time ago
I shouldâ€™ve begged you
I shouldâ€™ve begged you not to take me home
Il make it on my own.
