

# Carry Out Feelings

## Nazareth

I'm not just something  
You can pick up or put down  
Entertainment value  
Like some circus clown  
Don't give green stamps with my emotions  
Don't have a cut price soul  
Don't do carry out feelings  
Or take away love  
Carry out feelings, you take away love  
Carry out feelings, you take away love  
Don't have the kind of heart  
You reap and you take away  
Keep in your cold store  
To use at some future date  
Don't give a refund on my emotions  
No discounting on my soul  
Don't do carry out feelings  
Or take away love  
Carry out feelings take away love  
Carry out feelings take away love  
I'm not just someone  
You can pick up and throw away  
Someone to join you  
In a recycled love affair  
Don't give green stamps with my emotions  
Don't have a cut price soul  
Don't do carry out feelings  
Or take away love  
Carry out feelings you take away love  
Carry out feelings you take away love  
Carry out feelings you take away love
