

# Teflon

## Jebediah

We were going along  
To a particular song  
Just hanging around  
Feet scuffing the ground  
Catching us on a roll  
We were collecting the dole  
Doesn't mean something's wrong  
We were just slipping along  
Slipping along  
Slipping along  
Yeah  
Slipping along  
At a party we found  
People hanging around  
There was nothing to do  
We were smoking a few  
Saw two girls outside  
They were both pretty wired  
I thought something was wrong  
But they were just getting it on  
Slipping along  
Yeah  
Slipping along  
1, 2, 3, 4  
So long,  
I'm slipping on, and on  
Yeah  
We were going along  
To a particular song  
Just hanging around  
Feet scuffing the ground  
Catching us on roll  
We were collecting the dole  
doesn't mean something's wrong  
We were just slipping along  
Slipping along  
Slipping along  
Yeah  
Slipping along

1, 2, 3, 4  
So long,  
I'm slipping on, and on  
Yeah

At a party we found  
People hanging around  
There was nothing to do  
We were smoking a few  
Saw two girls outside  
They were both pretty wired  
I thought something was wrong  
But they were just getting it on  
Getting along  
Yeah  
Slipping along  
Yeah, Slipping along  
1, 2, 3, 4  
So long,  
I'm slipping on, and on, and on... (fade out)
