I'll Always Stay In Love This Way

Nina

I never lost the love that I had given you
With all the things that we have both been through
I never stayed in love before
As much as I have stayed in love with you

You never thought the feelings meant for you were true
'cause every time we're all alone you'd wonder
If I really never changed
And if I really stayed in love with you

Love
It means just you and me to stay together
Even if there's nothing more
The best is there forever
Love
We have to stay this way in love forever
Even if you change your ways
I'll always stay this way 'cause i
I will always stay this way in love with you
I will always stay this way in love with you
I will always stay in love this way

Love
It means just you and me to stay together
Even if there's nothing more
The best is there forever
Love
We have to stay this way in love forever
Even if you change your ways
I'll always stay this way 'cause you

You never thought the feelings meant for you were true
'cause every time we're all alone you'd wonder
If I really never changed
And if I really stayed in love with you

Love
It means just you and me to stay together
Even if there's nothing more
The best is there forever

Love
We have to stay this way in love forever
Even if you change your ways
I'll always stay this way 'cause i
I will always stay this way in love with you
I will always stay this way in love with you
I will always stay this way in love with you
I will always stay this way in love with you
I will always stay this way in love with you
I will always stay this way in love with you
I will always stay in love this way
