

A.O.T.C

Frank Hamilton

All over the city
Grey suits are on
Waking up in the morning
The bell rings and we march along All over the city
Show scabs around (?)
Going out in the evening
Song's playing and we dance along Round and round we go
'Till the day is done
Round and round we go
'Till the battle's won and then
We can do it all over again
I know the world's a big mess
But darling don't fear
Cause we're doing our best
And I'm still here so I'll be yours
I'll still be yours All over the city
Summer didn't stay for long
Bad day at the office
I came home and your coat was gone Round and round we go
'Till the day is done and then
We can do it all over again I know the world's a big mess
But darling don't fear
Cause we're doing our best
And I'm still here so I'll be yours
From the edge of my seat
To the top of this town
Oh baby we can turn this place around
I'll be yours
I'll still be This city wasn't built for love
This city wasn't made for us
This city won't wait it's turn
This city's got a lot to learn This city wasn't built for two
But you've got me and I've got you I know the world's a big mess
But darling don't fear
Cause we're doing our best
And I'm still here so I'll be yours
From the edge of my seat
To the top of this town
Oh baby we can turn this place around

I'll be yours

I'll still be yours
