# BladeRunner

## AntiStasis

Mother, mother
[Incomprehensible]Well, as the city nights grow cold
The lights jump through the shutters
And a thousand echoes fill the streets
And bounce along the dirty gutters(Out there)
I know that he's waiting for me
(Somewhere)
I know that he's waiting there for meI watched her falling to the ground
And saw the glass go flying
And inside her mind, the fuse blew out
But deep inside, a voice was crying(Out there)
I know that he's waiting for me
(Somewhere)
I know that he's waiting thereLook out for the Bladerunner
I thought I heard him calling youAnd now a silence fills the room
I feel my heart start beating
'Cause inside the shadows, there he stands
He's waiting on our final meeting(Out there)
I know that he'd waited for me
(Somewhere)
I know that he'd waited there for me
