

Open Arms (Urban Remix)

Tina Turner

Ask me no questions
I'll tell you no lies
Come to me when you're down
I'll give you friendly advice I'll be your avenue
Your trusting ear
Release your deepest secrets
I'll be sincere It's an age old situation
There's nothing to fear
Whatever life throws at you
Your friend is here
Right by your side When love leaves you cold
Lies have been told
I will be there with my open arms Hurting inside
Please don't hide the pain
I will be there with my open arms
Open arms, open arms, open arms I know what you're saying
I been there myself
Promises withstand
They left me for someone else Then the tables turned
A lesson I've had to learn
I can't point my fingers 'cause girls
My fingers have been burned It's an age old situation
The message is clear
Whatever life throws at you
Your friend is here
Right by your side When love leaves you cold
Lies have been told
I will be there with my open arms Hurting inside
Please don't hide the pain
I will be there with my open arms
Open arms, open arms, open arms It's an age old situation
The message is clear
Whatever life throws at you
Your friend is here
Right by your side When love leaves you cold
Lies have been told
I will be there with my open arms Hurting inside
Please don't hide the pain
I will be there with my open arms When love leaves you cold

Lies have been told
I will be there with my open armsHurting inside
Please don't hide the pain
I will be there with my open arms
Open arms, open arms, open armsI will be there with my open arms
Open arms, open arms
