There's No 'I' in Team (Live Acoustic TAYF10)

Taking Back Sunday

Well I can't regret, Can't you just forget it? I started something I couldn't finish And if we go down, We go down together Best friends means, Well best friends meansAnd I've got a twenty-dollar bill That says you're up late night starting Fist fights versus fences in your backyard Wearing your black eye like a badge of honor Soaking in sympathy From friends who never loved you Nearly half as much as meBroken down in bars and bathrooms All I did was what I had to Don't believe me when I tell you It's just what anyone would do Take the time to talk about it Think a lot and live without it Don't believe me when I tell you It's something unforgivable oh ohWell I can't regret, Can't you just forget it? I started something I couldn't finish If we go down, We go down together Best friends means, Well best friends means You never knew Well I never told you Everything I know about breaking hearts I learned from you, it's true I've never done it with the style and grace you have But I've made long term plans Based on these mistakesBroken down in bars and bathrooms All I did was what I had to Don't believe me when I tell you It's just what anyone would do Take the time to talk about it Think a lot and live without it Don't believe me when I tell you It's something unforgivableIs this what you call tact?

I swear you're as subtle as a brick in the small of my back So let's end this call, And end this conversation There's nothing worse (That's right he said, that's right he said it) I swear, you have no idea The jealousy that became me thinking (That's right he said) That you always had it way too easyBroken down in bars and bathrooms All I did was what I had to Don't believe me when I tell you It's just what anyone would do Take the time to talk about it Think a lot and live without it Don't believe me when I tell you It's something unforgivableBest friends means I pulled the trigger Best friends means you get what you deserve Best friends means I pulled the trigger Best friends means you get what you deserve Best friends means I pulled the trigger Best friends means you get what you deserve Best friends means I pulled the trigger Best friends means you get what you deserve Best friends means I pulled the trigger Best friends means you get what you deserveBest friends means I pulled the trigger Best friends means you get what you deserve
