Untying the Knot

Panda Bear

There is a song
You're on it for so long
There is a song
You're on it for so long
There is a song
You're on it for so long
There is a song
You're on it for so long...

There is a sound if you listen in
There is a sound if you listen in to it
There is a sound if you listen in
There is a sound if you listen in to it...

Now you know
What it is you should forget
Now you must know
What it is you should forget
Now you know
What it is you should forget
Now you must know
What it is you should forget...

Time for a new one
Time for a new one
Time for a new one
Time for a new one...
